Next Meeting
April 24th

Always the last Thursday of the month

Our Club

Our club is a group of people interested in recovering artifacts, coins, and other interesting items from the past and various historical research topics. Meetings are held on the last Thursday of every month at the back door behind Evangel Community Church on 76 Sandy Street in Chatham. Guests are always welcome. At each meeting members may enter their finds of the month in the Finds of the Month Competition. The programs consist of talks by club members or invited speakers, slide or video shows, artifacts displays or demonstrations of new products.

The club maintains a small library of books, magazines and maps, which may be checked out for one month.

Our club strives to improve the public image of detector users and other amateur historical collectors. We therefore abide by the Code of Ethics.

We can be contacted by email at
Info@ckmetaldetecting.com

Code of Ethics

- I WILL** Respect private property and will not metal detect without the owner's permission.
- I WILL** fill all holes.
- I WILL** appreciate and protect our heritage of natural and cultural resources, wildlife and private property.
- I WILL** use thoughtfulness, consideration and courtesy at all times.
- I WILL** leave gates as found.
- I WILL** remove and properly dispose of any trash that I find.
- I WILL** not litter!
- I WILL** not tamper with signs, structural facilities or equipment.
- I WILL** return an item, by any means if someone can adequately describe it.
- I WILL** not destroy property, building or what is left of ghost towns and deserted structures.
- I will not tamper with signs, structural facilities or equipment.**

(MOTION TO ACCEPT THIS REPORT)

Visitors to the Club's Meeting

We have two guests tonight Chris Catton Pres. Of the Windsor Club and Raymond Charron.

Official minutes of the Chatham Kent Metal Detectors Club

By: Dale Eagleson

Meeting started at 7:10pm

Old Bussiness

Old business regarding the CanAm hunt in Michigan in April.

We are forwarding \$200.00 as of the last meeting, but we have been asked to donate another \$100.00 and everyone agreed. The original \$200 is being paid back to our treasury by the members attending the hunt

Andy explained what is going to happen at the Can-Am hunt. Lots of hunts, prizes and food.

New Bussiness

There was talk of donating a \$50 dollar cash prize to the Grimsby hunt or a prize worth \$50 dollars. To be finalized at April's meeting. This is mainly due to the fact that we are also sponsors for this hunt as well.

Phil is lining up some speakers for our 2014 meetings.

Chris Catton is inviting the Chatham club on April 10, 2014 to come to their meeting as Mark Bradac will be there to appraise any items that we have.

Garry mentioned that Dave Crundwell is doing great after his operation.

There is talk of a weekend hunt to Grand Bend or Port Stanley. So keep that in mind.

Garry mentioned about his find of the month. A 88 year old lady, buried in a snow bank by Walpole Island.

Rick would like to remind everyone that the treasure chest will be at the next meeting, so not to forget any donations to this years chest! The better we can make the chest, the more tickets we sell, and the better our annual hunt will be in the fall!!

Thank-you

Intermission

Raffles

By: Al Sterling

. Treasure Chest won by Gord Vickers
Fred won the casserole made by Marrion
Dale won the 50/50 \$26.50
Al Sterling won the draw prize

Finds of the month

No Report till April

Can - Am 2014

Good day all, the can am is scheduled for Sunday April 27th In Lavonia Stark Rd, Memorial Park.

Livonia, MI

All Michigan Treasure Hunter club members are invited to attend the 6th Annual Can-Am Hunt! Alternating each year from U.S. to Canadian soil, the hunt this year (or should I say hunts!) will take place in the U.S. on Sunday, April 27th at John Stymelski Veterans Park in Livonia MI. Michigan Treasure Hunters is the host club for 2014, and we will be welcoming our metal detecting friends from the Chatham-Kent (Ontario Canada) club to this year's event.

Three hunts will be held during the day. The first two are FREE to members of the two host clubs while the third is a mere \$5 entry fee.

The plan is to have a hunt starting at 11 a.m. sharp, followed by a break for lunch, and two hunts in the early afternoon. There will be domestic and foreign coins a plenty -- old and new -- over the course of the three hunts. There will be hundreds of silver coins and plenty of tokens redeemable for prizes in the ground as well. Gold prizes too. I will be displaying the coins you could find and prizes to be awarded at the April 22nd MTH Open House Meeting. I invite you to come take a look at the display!

The club will again be providing some food, beverages (pop/water) and picnic related items like plates, utensils and napkins. I ask that if you plan on attending the hunt this year, that all U.S. members/families bring a dish to share as part of a potluck lunch.

Pot-luck suggestions: If your last name starts with A – O bring an appetizer or something similar; P – Z a salad, fruit or dessert.

Remember to also bring a small hand digging tool (please no large shovels -- the coins will not be buried that deep), an apron and headphones for your detector.

Dress for the weather! Plan on the hunt taking place rain or shine -- unless a freak snow storm or unsafe weather conditions causes a postponement.

Also -- as a reminder -- remember to fill your holes on the day of the hunt and only one hunter per detector, please! If you have any questions, please contact me at jwick01@yahoo.com.

This is one of the premier hunts of the year for the members of the Michigan Treasure Hunters. If you would like to become a member, please contact me at the email address above, or come to one of our meetings in Livonia, MI.

Thanks and Happy Hunting! Hope to see you out there!

Jerry Wickens
MTH Treasurer & 2014 Can-Am Huntmaster

Grimsby 2014

<http://www.metaldetectinghunt.com/2014HuntApplication.pdf>

Good Day all, the above web site has all the info and pricing...you will also be able to access suggestions for accommodations...My suggestions?....Grimsby Super 8....and if you wish to

really save....Grimsby 5th wheel truck stop. Both are very close to the hunt site. We really need to make a great effort on our donations to the treasure chest this year as this is where we get most of our funds for our great annual hunt at Erieau...The money we bring home from our Treasure Chest raffle goes mostly to the annual hunt as well as other functions...2 years ago was fantastic at bringing home close to a grand!!

Our chest has been started with a new hundred dollar bill in the top (long story)so lets dig in and get this little sucker filled! Thanks in advance, Rick

I would like to suggest donations that will fit inside the treasure chest, etc...coins, small old relics, jewelry, whatever

Notice!!!

Rick will be bringing in his camera to try and update our Membership cards, so be ware...you may have you picture taken!

Joke Of The Month

Some Amazing Facts:

If you yelled for 8 years, 7 months and 6 days you would have produced enough sound energy to heat one cup of coffee.

(Hardly seems worth it.)

If you farted consistently for 6

**years and 9 months, enough
gas would have been be
produced to create the energy
of an atomic bomb.**

(Now that's more like it!)

**The human heart creates
enough pressure when it
pumps out to the body to
squirt blood 30 feet.**

(O.M.G.!!)

**A pig's orgasm lasts 30
minutes.**

(O.M.G.!!!)

**A cockroach will live nine days
without its head before it
starves to death. (Creepy)**

(I'm still not over the pig.)

Banging your head against a wall uses 150 calories an hour.

(Don't try this at home; maybe at works.)

The male praying mantis cannot copulate while its head is attached to its body. The female initiates sex by ripping the male's head off.

(Honey, I'm home. What the...?)

The flea can jump 350 times its body length. It's like a human jumping the length of a football field.

(30 minutes. Lucky pig! Can you imagine?)

**The catfish has over 27,000
taste buds.**

**(What could be so tasty on the bottom of a
pond?)**

**Some lions mate over 50 times
a day.**

**(I still can't believe that pig ...quality over
quantity.)**

Butterflies taste with their feet.

(Something I always wanted to know.)

**The strongest muscle in the
body is the tongue.**

(Hmmmmm.....)

Right-handed people live, on

**average, nine years longer than
left-handed people.**

**(If you're ambidextrous, do you split the
difference?)**

**Elephants are the only animals
that cannot jump.**

(Okay, so that would be a good thing.)

**A cat's urine glows under a
black light.**

**(I wonder how much the government paid to
figure that out.)**

**An ostrich's eye is bigger than
its brain.**

(I know some people like that.)

Starfish have no brains.

(I know some people like that, too.)

Polar bears are left-handed.

(If they switch, they'll live a lot longer.)

Humans and dolphins are the only species that have sex for pleasure.

(What about that pig? Do the dolphins know about the pig?)

Now that you've smiled at least once, it's your turn to spread these crazy facts and send this to someone you want to bring a smile to, maybe even a chuckle.

In other words, send it to everyone!

(and God love that pig!)

Happy Detecting!
