## *Our Club*

Our club is a group of people interested in recovering artifacts, coins, and other interesting items from the past and various historical research topics. Meetings are held on the last Thursday of every month at the back door behind Evangel Community Church on 76 Sandy Street in Chatham. Guests are always welcome. At each meeting members may enter their finds of the month in the Finds of the Month Competition. The programs consist of talks by club members or invited speakers, slide or video shows, artifacts displays or demonstrations of new products.

The club maintains a small library of books, magazines and maps, which may be checked out for one month.

Our club strives to improve the public image of detector users and other amateur historical collectors. We therefore abide by the Code of Ethics.

We can be contacted by email at

The hunt with the London club does not look like it will happen this year. It was agreed that the \$200 we had earmarked for this hunt be used instead for future hunts.

## ***Joke Of The Month***

A male patient is lying in bed in the hospital, wearing an oxygen mask over his mouth and nose. A young student nurse appears and gives him a partial sponge bath.

"Nurse," he mumbles from behind the mask, "are my testicles black?"

Embarrassed, the young nurse replies, "I don't know, Sir. I'm only

here to wash your upper body and feet."

He struggles to ask again, "Nurse, please check for me. Are my testicles black?"

Concerned that he might elevate his blood pressure and heart rate from worrying about his testicles, she overcomes her embarrassment and pulls back the covers.

She raises his gown, holds his manhood in one hand and his testicles gently in the other.

She looks very closely and says, "There's nothing wrong with them, Sir. They look fine."

The man slowly pulls off his oxygen mask, smiles at her, and says very slowly, "Thank you very much. That was wonderful. Now listen very, very closely:

**"Are - my - test - results - back?"**

***Happy Detecting!***
