Our Club

Our club is a group of people interested in recovering artifacts, coins, and other interesting items from the past and various historical research topics. Meetings are held on the last Thursday of every month at Erickson Arena 341 Delaware St. Chatham. Guests are always welcome. At each meeting members may enter their finds of the month in the Finds of the Month Competition. The programs consist of talks by club members or invited speakers, slide or video shows, artifacts displays or demonstrations of new products.

The club maintains a small library of books, magazines and maps, which may be checked out for one month.

Our club strives to improve the public image of detector users and other amateur historical collectors. We therefore abide by the Code of Ethics.

We can be contacted by email at
Info@ckmetaldetecting.com

Hunt Sites

Some clubs pay farmers a token amount to hunt their fields. A discussion took place around this idea to see if we could gain access to more fields.

Hunt Stories

John went over how an old building was torn down in Kingsville and he was able to gain access to the site. The land has been built up with topsoil over the last few years and as such he was only able to find a few more modern coins. He will be waiting until they strip back the topsoil and try his luck again.

Joke Of The Month

Yesterday, I was walking down the street holding hands with my wife. I suddenly dropped her hand, and grabbed my cell phone to take this picture. She hit me in my chest and wouldn't talk to me the rest of the day. Last night she asked me "How could you?" I said "How could I not? It's not every day you see a dog driving a car."

Happy Detecting!
